TRATAMIENTO MADEROX

MADEROX TREATMENT

The Maderoterapia and the massage Detox Body Miami 4R of Matriskin combine to create this revolutionary integral treatment that offers visible results in skin, body and musculature from the first session.

PROTOCOL

The ritual consists of an integral treatment that combines an energetic body massage of maderoterapia using Wood Sculpting, with a Detox massage of active lymphatic drainage and anti-cellulite. The treatment is enhanced with a contribution of active ingredients of Multivitamin Gel that helps the solubility of the fatty compounds and reinforce the skin, an Osmotic Gel that breaks the adipose by working the localized fat and a serum that accelerates the creation of new tissue, recovering damaged skin and / or flaccidity of the area.

BENEFITS

The result is a smoother and firmer skin. In addition, its remodeling effect acts intensely on the buttocks, waist and hips, while toning the musculature, reaffirms the tissues and activates the lymphatic system. On the other hand, it helps to eliminate liquids, as well as fat deposits located in the area of hips, arms, knees, subgluteal, abdomen and flanks.

Treatment	Price	Duration
Sculptur Maderox Session	175 €	60 min
2 Sculptur Maderox Sessions	300 €	60 min /sesión
Shock Treatment Sculpture Maderox	460 €	60 min /sesión

* The price includes access to the outdoor Thalassotherapy circuit.

* You can enjoy the Thalassotherapy circuit before or after the treatment, always letting work the active ingredients of the treatment for at least 15 minutes.
